

Kilimanjaro Hotel, Dar-Es-Salaam, Tanzania

SERVICES PROVIDED
Architect

PROJECT TYPE
Hospitality

LOCATION
Dar-Es-Salaam, Tanzania

STATUS
Proposal

PLANNING was requested by Westmount Hospitality Group in the USA to do a proposal for the refurbishment of the Kilimanjaro Hotel, original built in 1965. The location was ideal; unlimited views of the harbour on one side, and the city on the other, spread across a 5 acre plot. Although the structure of the hotel was still intact, the inside needed a lot of work and the exterior required a facelift to remove the 1950's feel. 10% of the rooms are to be converted into suites, therefore having 20 in total instead of the original 2. The roof top restaurant is to be turned into a tamarind style, party area and the pool is to move to the front by the coffee shop. The hotel is to be 3-4* according to international standards, encompass a "holiday inn" feel, and is expected to sell at \$100 per night.
